Databases	MySQL, SQL
Frameworks	React.js, CodeIgniter 4, Laravel , Frappe Framework
Professional Skills	Problem Solving, Communication, ERP Workflow Understanding

PROFESSIONAL EXPERIENCE

Proactii – Vapi (Sep 2024 – Present)

- Developed robust, scalable, and secure web applications using PHP, CodeIgniter 4, and Laravel (MVC architecture).
- Designed optimized MySQL database schemas, wrote complex queries, and enhanced performance for large datasets.
- Delivered 3+ major projects on time, exceeding client expectations and receiving positive feedback.

Cloud9 Softech – Vapi (Aug 2023 – Aug 2024)

- Built, designed, and optimized websites tailored to diverse client needs.
- Collaborated with cross-functional teams to deliver high-quality, user-friendly projects.
- Implemented industry best practices for performance, security, and UX.

EDUCATION

BCA – Bachelor of Computer Applications

Pune University, SSR College, Silvassa | SGPA: 6.78 | 2021–2023

PROJECTS

GCMS Consultant – <https://gcmsconsultants.com>

- Developed and deployed a fully functional, dynamic website for a service-based company specializing in offshore business solutions and wealth management.
- Designed a secure, user-friendly admin panel for content management, allowing non-technical users to update services, manage client data, and monitor inquiries.
- Integrated features like user authentication, role-based access control, and activity logging.
- Ensured responsiveness across all devices and improved mobile/desktop experience.

Proactii Accounting Management System – <https://myonlinedemo.in/Proactii/login>

- Designed an accounting management platform for expense tracking, income records, and account-wise transaction logs.
- Built using PHP (CodeIgniter 4) for backend and HTML/CSS/JavaScript for frontend.
- Features include secure login, data validation, and user-friendly dashboards.

Proactii Admin Panel – <https://myonlinedemo.in/Phoenix/admin>

- Developed an intuitive and secure admin dashboard for managing platform data efficiently.

Phoenix E-Commerce Platform – <https://phoenixdigitals.in/>

- Built using Laravel PHP and CodeIgniter Laravel for backend architecture.
- Integrated secure user authentication, product management, and inventory tracking.
- CRM module for customer management, order history, and analytics.
- Integrated Razorpay payment gateway for seamless and secure transactions.
- Full order management with status tracking, SEO-optimized structure, and mobile responsiveness.
